

SLAB TRIM SAW

Turn your waste slabs into cash! The Go Fast Slab Trim Saw is designed to trim pallet cut-stock slabs into firewood. A compact, safe, and fast way to get money back out of your waste!

A FASTER WAY TO CUT FIREWOOD: Already cutting your slabs, but need a faster solution? This saw can quickly cut each slab into 3 or more pieces of firewood. Similar to our multi-head trim saws, these saws have the capacity to cut 45 slab pieces or 135 firewood pieces per minute.

STANDARD FEATURES

ANTI-KICK BACK FINGERS
